

## Military Installation Fund

In December 2003, the Governor's Military Facilities Task Force put forth twenty-seven recommendations to ensure long-term retention of the State's military facilities so that they may continue to perform their vital national defense functions and maintain their critical role in the State economy. On May 17, 2004, the Governor signed H.B. 2140, a comprehensive military bill that included a number of the Task Force's recommendations, including the establishment of the Military Installation Fund (MIF).

Funding is needed to create a mechanism to compensate willing landowners within the territory of Arizona's military airports, military facilities, and operating areas to ensure compatible land use around Arizona's military installations. The Task Force recognized that all private property around these installations has value. The Task Force also acknowledged that the MIF alone is not an adequate fund to address private property rights, but it is only one of five possible tools in the recommendations to address the compensation issue.

Beginning in fiscal year 2004-2005, \$4.825 million dollars will be appropriated from the state general fund for the MIF. The Arizona Department of Commerce, in conjunction with the Governor's Military Affairs Commission (created this spring through Executive Order) will develop and adopt rule procedures for the application and disbursement of the funds. House Bill 2140 identifies specific disbursement components that must be adhered to including:

- Eighty percent of the monies in the fund shall be used for private property acquisition for the purpose of preserving a military installation; acquisition of real estate and rights to real estate and otherwise preserving real estate from development or mitigating impacts on development in high noise or accident potential zones and in areas as required to support a military installation; and, acquisition of real estate, property rights and related infrastructure that is vital to the preservation or enhancement of a military installation. Twenty percent of this amount may be awarded to cities, towns and counties for land acquisition purposes.
- Twenty percent of the monies in the fund shall go to cities, towns and counties for military installation preservation and enhancement projects.
- Monies in the MIF may be awarded for debt service on bonds issued by a political subdivision for the purpose of acquisition of private property for preserving a military airport or ancillary military facility.

It is anticipated that the formal rules process to establish the Military Installation Fund will be complete by mid-summer 2005. Additional information regarding the Governor's Military Affairs Commission can be found on the Governor's web page [www.governor.state.az.us](http://www.governor.state.az.us). In the future, MIF information can be found on the Arizona Department of Commerce website, [www.azcommerce.com](http://www.azcommerce.com).

For specific questions regarding the MIF application process, please contact Deb Sydenham, Director - Community Planning Office at (602) 771-1127 or Sherri Lee, Program Manager-Community Planning Office at (602) 771-1233.

For specific questions regarding the acquisition of land, land appraisal, title searches, environmental studies, or any other items involved in the land/development right purchase, please contact Patrick Chorpenning, Director, Arizona Department of Veteran's Services at (602) 255-3373 or Gabriel Forsberg, Strategic Planning and Specialist Projects at (602) 255-3373, ext. 227.
